Information Circular No. 8

AMENDED REGULATIONS & CAPs

The CAA has introduced a new regulation (CAR OPS 4) and new Civil Aviation Publications (CAP 24 & 25) whilst amending existing regulations, CAPs and forms to legalise and to provide guidance on Remotely Piloted Aircraft (i.e. unmanned) operations.

The purpose of this Information Letter is to advise all existing private, general aviation and commercial air transport operators of San Marino registered manned aircraft that these changes will not affect the existing requirements in any way.

As such, there will not be a Notice of Proposed Amendment for these amendments and no operator action is required. Future amendments to CARs after March 2016 will be notified in accordance with the consultative process of the Notice of Proposed Amendment system.

All affected CARs will have an effective date of either 01 February or 01 March 2016 and affected CAPs will be dated 01 March 2016. Amended CARs, CAPs and forms are on the CAA website <http://www.caa-mna.sm> and all operators are encouraged to always review or download the required publication from this site.

Yours truly,

Eng. Marco Conti
Director General
