EXCELLENCE, REDEFINED™ SYBAJET

Sybajet comprises an accomplished team of highly qualified aviation professionals dedicated to providing our private ownership and corporate clients with exceptional aircraft management services.

With years of expertise in the industry, we understand the importance of attention to detail, clear communication, and outstanding customer service and pride ourselves on building long-lasting relationships that enable us to provide you with personalised services that fulfil your unique needs.

Our comprehensive range of services is designed to make aircraft ownership as seamless as possible by taking care of every aspect of your journey, from maintenance management to crew scheduling and flight planning, while ensuring your aircraft is well-maintained, safely operated and always ready for your next voyage.

EMPIRE AVIATION

EMPIRE AVIATION

Empire Aviation offers a comprehensive range of integrated and personalised private aviation services, including aircraft management, aircraft sales, charter and CAMO.

The company focuses on a distinctive asset management approach to private aviation and has assembled a highly experienced team of aviation specialists.

Launched in 2007 in Dubai, United Arab Emirates, Empire Aviation operates one of the Middle East's largest managed fleets of business jets, with aircraft based in the key global locations for private aviation – US, Europe, Africa, India and Indonesia, as well as the Middle East. The company holds AOCs (Air Operator Certificates) in San Marino and the UAE.

AVIATION ONE PTE LTD

Aviation One Pte Ltd, a Singapore company established since 2010, has been committed to delivering cost-effective, responsive and personalized flight support solutions not found at larger corporate service providers.

Our services include international trip support, aircraft management, CAMO/maintenance supervision, contract crew support, aircraft sales and acquisitions and charter brokerage.

We will never compromise on safety. Our service is delivered with transparency and honesty.

NATIONAL LEGACY

National Legacy Aircraft Management Co. WLL is leading private jet operator based in Kuwait since 2006.

Most of our Fleets are registered under T7 San Marino registry.

We have been providing a best in class service, accommodating to the most complex of itineraries and schedules, and on-board requests. Customer safety is our highest priority and we always adhere to the most thorough standards.

We have Team of experienced flight crew and Engineers to ensure seamless and efficient aviation services across the globe.

luxaviation

SAN MARINO

LUXAVIATION SAN MARINO

Luxaviation San Marino, operational since 2017, gives business jet and helicopter owners a solution for aircraft registration, asset management and commercial operation. We offer private operations supervision as well as commercial under our own San Marino regulated AOC.

Luxaviation San Marino is an integral part of the Luxaviation Group's operation and from our headquarters in the heart of the oldest Republic, we entertain operating bases in Europe, Middle East, APAC, China, Africa and Americas. The onboarding process is straight forward and efficient. We aim to operate worldwide but remain close to our clients and base locally.

Our San Marino operation is a testimony to safety, quality and excellent service. We aim to build solid ties with our clients through transparency and availability.

TITAN AVIATION

Titan Aviation, founded in 2004 in Dubai, by corporate aviation professionals, is a leading provider of Business Aircraft Management Services, sales & acquisitions, charters and aviation staffing solutions worldwide.

Value-driven with a strong business ethos revolving around TRUST, ETHICS and SERVICE, Titan Aviation stands out for its responsiveness and transparent practices.

With presences in the USA, Asia, the Middle East and Europe, Titan is committed to delivering customers bespoke aviation solutions, keeping aviation safety as the highest priority.

DC AVIATION

DC Aviation Al-Futtaim VIP Terminal (DCAF) is a joint venture between Stuttgart-based DC Aviation GmbH, the largest operator of business jets in Germany and one of the leading operators in Europe and Dubai-based Al-Futtaim, a privately owned UAE business conglomerate. The JV capitalizes on Al-Futtaim's strong fundamentals and presence in the Middle East, and DC Aviation's global reputation as a premium provider of aircraft management, executive charter operations, business jet maintenance and consultation services.

DCAF is the first and only fully integrated business aviation facility based out of Al Maktoum International Airport located at Dubai South (formerly Dubai World Central) with two dedicated hangars measuring together measuring over 13,500 sqm, bringing its total land-side plot area to 24,000 sqm and apron area to 13,500 sqm.

VVIP customers can also enjoy the 1,300 sqm exclusive VVIP lounge area designed to international standards offering customers the highest levels of comfort and privacy, shower areas and a conference room.

DCAF's core areas of business include Aircraft Management, Maintenance, FBO and Ground handling services as well as Business jet charter.

JETEX

An award-winning global leader in private aviation, Jetex is recognized for delivering flexible, best-in-class solutions to customers worldwide. Jetex provides exceptional private terminals (FBOs), lifestyle concierge and aircraft charter services, as well as fuelling, ground handling and global trip planning.

The company caters to both owners and operators of business jets for corporate, commercial and personal air travel.

FTC AVIATION

The FTC stands as a prominent figure in the realm of business aviation, having been a leading player in the industry for over a decade.

Since its inception in 1991, FTC has been actively engaged in the European market for business aviation. Initially, the company gained recognition for its expertise in managing small aircraft, culminating in the successful management of the first business jet in 1999.

FTC's success is largely attributed to its team of experts, who are highly skilled professionals trained in leading specialized training centers worldwide.

The senior leadership of our company maintains an unusual rapport with aviation authorities in various countries, enabling us to swiftly address any issues at any level, bypassing intermediary entities. FTC has obtained the certification of the International Standard for Business Aviation Operators (IS-BAO) and in addition, in the year 2018, obtained the San Marino Air Operator's Certificate (AOC) for commercial air transportation on a global scale.

RoyalJet[®]

PREMIUM PRIVATE AVIATION
